

FMT Products

Novel Biome is expanding safe and reliable access to FMT through our registered clinical partners with a choice of FMT formulations available. We provide four formulation options: enema, colonoscopy, capsules and oral powder manufactured in our specialized GMP-certified microbiota laboratory, which includes in-house finished product testing. All our FMT products utilize our highly-screened and vetted donor network, which exceeds industry standards.

OUR PRODUCTS

At Novel Biome, we provide high-quality FMT products in a range of formulation options to best help you individualize your treatment for your patients. All our FMT formulations are freeze-dried, so they can be transported without being frozen and stored long-term at 4 degrees Celsius for up to 2 years. We currently offer 4 formulation options utilizing frozen stool:

Upper Delivery		Lower Delivery	
Capsules (30 or 12 count)	Oral Powder (U.S. Patent No. 12,064,451)	Enema	Colonoscopy
Double-encapsulated, acid-resistant FMT capsules with comparable efficacy to colonoscopy.	Aimed at patients who can not swallow capsules and must be mixed with a liquid. Third-party validated as substantially colourless, odourless and tasteless.	This product can be used for both lower delivery (colonoscopy or enema) or upper delivery (nasogastric/nasoduodenal tube). This formulation requires reconstitution	
			

WHAT MAKES OUR PRODUCTS DIFFERENT?

- Formulation:** All our products are created using freeze drying, making their storage requirements minimal, with long-term storage capable of 4 degrees Celsius with multiple formats to meet the needs of patients and research.
- Our Donors:** Donor screening is our top priority, focusing on extensive donor screening that meets and exceeds industry standards!
- Manufacturing Standards:** We are committed to producing high-quality products under stringent manufacturing standards, with Good Manufacturing Practices (GMP) certification and have a Health Canada Drug Establishment Licence (DEL).

Disclaimer: Novel Biome is a contract manufacturer of FMT products, providing high-quality FMT products to physicians. The information provided in this document should not be considered medical advice and is based on Novel Biome's understanding of their FMT products and past experience treating patients with FMT. Our hope is that this information helps as a starting point for physicians. If you have more questions, comments or concerns with these instructions, please email us at support@novelbiome.com.
